

**Legend**

**Proposed Project Features:**

- Canal Center Line
- Canal Bottom Edges
- Lock
- Canal Maintenance Roads
- Port Access Roads
- Dike
- Transmission Line Right of Way
- Breakwaters

- Stations (5km Spacing)
- Excavated Material Placement Areas
- Water Conveyance Structures
- Flooded Areas
- Dredge Disposal Areas:**
  - Dredged Material Island
  - Dredged Material Bottom Deposition

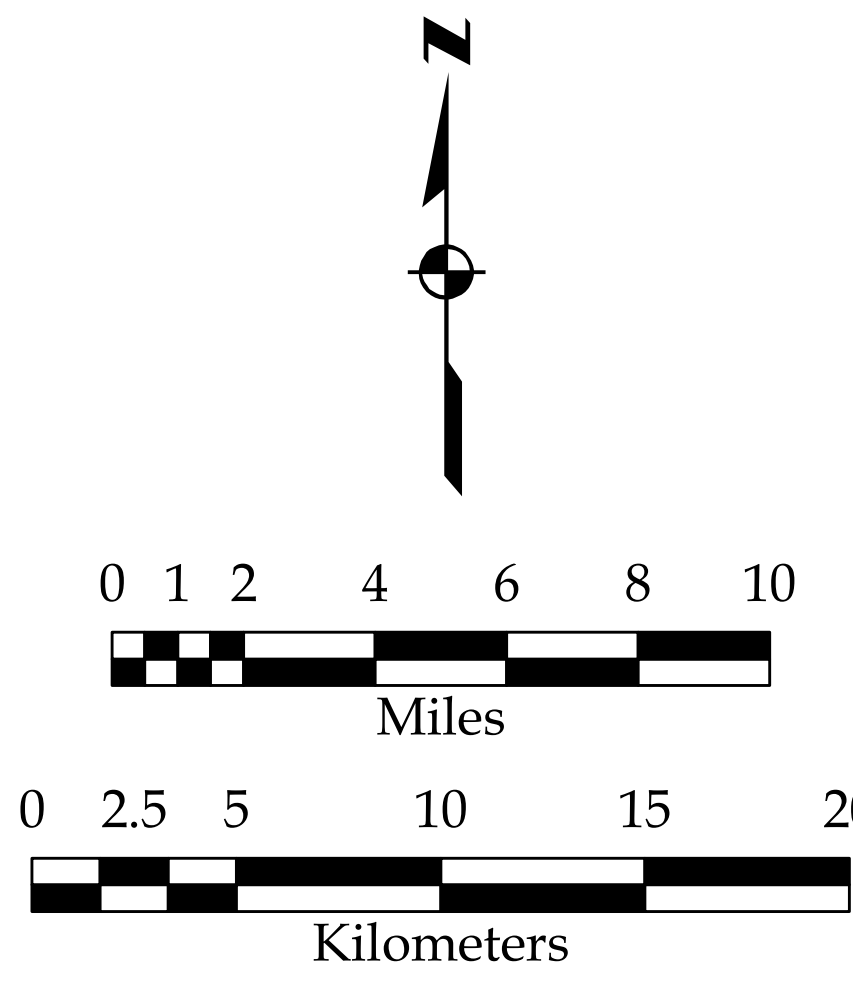

**Existing Features:**

- Towns (>250 buildings)
- Villages (110-250 buildings)
- Settlements (<100 buildings or unknown)
- Bathymetry Line (meters below surface)
- Road Network**
  - Primary Road
  - Secondary Road
  - Other Road

- Windfarm Location
- Rama and Kriol Territory Boundary
- Relevant Conservation Areas**
  - Biologically Important Areas
  - Protected Areas
  - Ramsar Sites

**Elevation (meters)**

- < 50
- 50 - 100
- 100 - 150
- 150 - 200
- 200 - 250
- 250 - 300
- 300 - 350
- 350 - 400
- 400 - 450
- 450 - 500
- > 500
